EXPERIENCE

Software Developer

Enerclíc - September 2023 - Present, Málaga, Spain

- Developed web applications using Next.js, React, TypeScript, and Tailwind CSS.
- Created npm packages, including a React component library and an icons library, leading to a 40% increase in development efficiency and reuse across projects.
- Built REST APIs with Express, TypeScript, and Jest for robust backend solutions.
- Reduced technical debt by implementing cutting-edge technologies.
- Maintained and enhanced SCADA software systems.
- Integrated Docker into existing projects for seamless deployment with Jenkins.
- Mentored junior developers, providing guidance and support to new team members.

Full-Stack Web Developer

Charanga - July 2023 - September 2023, Málaga, Spain

- Developed full-stack web applications using PrestaShop.
- Managed web administration tasks proficiently with Plesk.
- Expertly managed and maintained MySQL databases.
- Handled sales integration platforms, for seamless e-commerce operations.

Web Developer

Fond Of GmbH - March 2023 - June 2023, Cologne, Germany

- Developed a store finder to help clients locate shops where products can be found, improving user convenience.
- Built web applications using Vue.js, TypeScript, and Tailwind CSS.
- Created software using Node.js to convert store names into geographic positions by utilizing the Google Maps API, transforming data from Excel to JSON and reducing data processing time by 80%.

Junior Web Developer

Rocketfy - January 2022 - September 2022, Málaga, Spain

- Developed web applications using Laravel, Vue.js, Inertia.js, and Tailwind CSS.
- Utilized Scrum methodology, through effective sprint planning and execution.
- Created user authentication and integrated external services with Laravel, enhancing application security and scalability.
- Built interactive and reactive user interfaces with Vue.js.
- Leveraged Inertia.js to seamlessly connect frontend and backend, reducing API development.
- Designed modern, responsive interfaces using Figma, enhancing user experience and device compatibility.
